

YMCA CAMP CONRAD WEISER SING DOWN ACTIVITY

Sing Down

- 1. Divide into groups or teams. You can also have teams of one and play that way.**
- 2. Give each group (or person) a piece of paper and a pencil.**
- 3. Begin with the first word. Each team has five minutes to come up with a list of as many songs as possible that contain that exact word.**
- 4. Start with team one. Members of that team must sing a few lines of their first song to get a point. Continue around each team has had a chance to sing. If teams have come up with enough songs, continue going around they run out of songs. Teams may not repeat the same song a team has done before them.**
- 5. On the next word or round- make sure you start with a different team.**
- 6. All songs must be appropriate at all times.**
